

ONLY FIVE DAYS LEFT TO REGISTER IN CAMPBELL ELECTION!

Our Town

By Peggy Blanchard

Tsk, Tsk.
No sooner was the political spotlight re-trained from the national, state and county line-ups to the local school districts and their problems, than swoosh! still another election was on the boards.

That's the Campbell Fire District election Monday last — to fill E. E. Lanphear's expired term. Here's hoping the fire ladders don't think Campbell doesn't appreciate their volunteer services because of the small vote. Volunteer fire companies are one of California's oldest institutions—in the early days they often preceded town government in the gold camps, where flimsy shacks and the general furore of the gold mine excitement kept the hose and ladder equipment on duty a good part of the time.

Besides rushing to fires with loud clanging bells and swinging buckets, the fire boys could be counted on for parades, picnics, and even as escorts for more pompous funerals.

Less colorful now, but just as handy in case of fire, explosion or other disaster, our own fire company carries on the humanitarian tradition without the histrionics.

★ Remember Elizabeth Rice, the child Campbell fire department save by resuscitation last fall? Her mother brought her in to call not long ago, rosy cheeked and golden-haired. We've just heard that Elizabeth is again ill with pneumonia and is now hospitalized.

★ Tulips in the bulb gardens at Niles, viewed last Tuesday, were stunted by the late drought to a height of four to six inches and the recent rains have retarded their blooming. Golden daffodils, paper-whites and other narcissi made a brave show, though. So did the hyacinths and flowering fruits.

Clouds and sunshine played tag all afternoon, until Mrs. W. R. Morgan, chairman of the Country Woman's club pilgrimage, turned the jinx inside out by leaving her umbrella up between showers!

★ Wesley Walton of Campbell has been selected to play one of the leading roles in "Robin Hood," which is to be presented by the music and drama departments of San Jose State College May 20, 21 and 22. He will appear as the villainous Sheriff of Nottingham.

The leads will be taken by Miss Emily Baptista as Lady Marian and Derrell Bond as Robin Hood. Both are from Oakland. The production is under the joint direction of Dr. Hugh Gillis, head of the drama department, and Dr. Lyle Downey, head of the music department, assisted by members of their respective faculties.

Taxi Company Has New Owner

Jack R. Taylor of Campbell purchased the Campbell Taxi Company last Thursday from Garland Spears.

Taylor will continue to operate the cab company on a 24-hour basis.

Spears, who operated the company here for 26 months since his return from military service, will go to Oregon early next week. He will operate a skating rink there.

Mr. Taylor moved to Campbell from Los Angeles in September, 1947.

Lanphear Re-Elected

Of 17 votes counted in Campbell Fire District elections Monday, E. E. Lanphear received 16 votes, to be re-elected as fire commissioner here.

His new term is for three years. One vote cast in the election was disqualified by election judges and one was cast for another sticker candidate.

PTA TO INSTALL

Parent-Teachers Association of Campbell Union High School will install officers at a meeting at 2:30 p.m. April 14 in Buc's Cove of the high school building.

Executive board members will meet beforehand at 1:30 p.m. Wednesday, in the office of Laurence J. Hill.

Box score on the rainfall in 1948—7.34, 1947—9.65 inches up to 5 p.m. Wednesday—that's not counting rain today and prospects of same Friday morning.

Signs of The Times

By HARRY BLANCHARD

The honor and the privilege of self-government under the laws of the State of California is to be presented to the people of Campbell on May 25.

As we approach that date in Campbell's history it might be well to weigh and review all the facts at hand in order that we may unreservedly say, "this is it." We must discard any prejudice or bias in our thinking. The matter of incorporating or not incorporating is to be settled by far-seeing voters in a matter of six or seven weeks from now.

Proponents find many sound reasons for the legalized forming of city government. They point out that it is the democratic way. "Let us elect our own city officials from amongst our own neighbors." "Let us raise our own voices in favor or disfavor of the things that happen to our town." "Let us have our immediate voice in the progress and the future of our own land and our own homes."

There isn't much argument against these views. They are quite sound. But there should be no resort to emotional thinking in the process of decision. The rule applies to both sides, the yes and the nayes. On the side of the opponents, the strongest argument has been "taxes, already high, will be increased." That statement should not be taken lightly, neither should it be taken as a foregone conclusion.

An analysis of the thought should be made by all who are concerned. First, let them remember that to a large degree the city tax rate will be controlled by the governing body of councilmen, five in number. These are the men who shall determine the amount of spending the city can afford to undertake. They will be YOUR neighbors, your friends and your associates. They themselves are governed by the laws they make, and the actions they take. It does not seem reasonable to assume that these men will make living in Campbell a costly proposition. They are also controlled in their actions by state laws governing incorporated cities . . . and above and beyond all these restrictions they are governed in their actions by the strongest of all impelling reasons for good government, and that is PUBLIC OPINION.

X X X

In the Lynch report, prepared last fall for public dissemination of the facts in the case, Mr. Lynch has this to say, "The question is frequently asked . . . of what advantage is it to the people of a community having a population of approximately 3250, to incorporate as a city?"

Among those who ask the question are many who are inclined to measure any advantage that might be gained in dollars and cents and then to offset it by the dollars and cents they would have to pay as city taxes.

It is impossible to measure the advantages of incorporation in the terms of finance alone, just as it is impossible to measure the value that education confers upon the human race by the cost of maintaining schools.

It is a well-known fact that the bringing together of a number of people in the form of a social body begets certain necessities which are peculiar to the very circumstance. One man does not require a sewer system, but such a facility becomes a necessity when a community is established and a great many people begin living in close physical relationship.

A community is like an organism, an entity having its own existence to take care of, irrespective of the individual wishes of its constituent members. Its needs must be satisfied, otherwise it will cease to thrive and grow. It will become anaemic, so to speak, and finally retrograde. The question then for a community to determine is this:

Are our community necessities being fully provided? If not, how can they be provided and at what cost?"

(To be continued)

C. H. Prior Is New Executive of Red Cross Blood Bank Headquarters

Recently appointed as executive director of the expanded Santa Clara Valley Blood Bank, Charles H. Prior has taken over his new duties, it was announced this week at the San Jose Red Cross headquarters.

A former newspaper and public relations man, Prior had handled publicity for the San Jose Red Cross chapter area. In his new position, he serves under the jurisdiction

of a nine-member blood bank board of directors representing the Red Cross, the Santa Clara County Medical Society and the community at large.

His appointment also was approved by the Pacific Area and National Red Cross officials, since the local blood bank now is included in the national program and receives National Red Cross financial support.

It Must Be Spring; Sports Ed. Goes On Baseball Rootin' Rampage

By H.D.B.

The Daffy season must be here again . . . but boy, it's swell! How cum! Johnny Walters is at it again; and the Strong boys are champin' at the bit . . . and Cel Gerevas has that dreamy look in his eyes . . . and all because the calendar says, "It's Spring" . . . and baseball is in the air—and the minds of old and young who revere old Abner Doubleday's idea

of the truly original American sport. (Say, that old bug bites . . . but good . . . we got a hankerin' ourselves . . . could be nostalgic mebbe) anyway, fellow Americans, that season is here . . . and Johnny has a live-wire, scrappy team lined up . . . and they're actually playing. Their second game of the season comes up

Sunday afternoon at 2 p.m. at the Franklin School grounds on Tully Road, near the fair grounds.

The Campbell nine takes on the Franklin Club, an aggregation of former Franklin School players. It is the second meet of the year between the two. In the first game last Sunday, the locals took the

(Continued on Page 10)

THE RACE IS ON!

3 New Names On Council Slate; Joseph Gomes Has Withdrawn; Wednesday, April 14th, Last Day to File; Registration Also Closes Same Day

Plans for Sanitation District Number 4 Explained by Consulting Engineers

Campbell, Mo., Shakes Hand of Campbell, Calif.

From 'way back' in the little town of Campbell, Missouri, came greetings this week to the recently formed Rotary Club of Campbell, California.

In a letter addressed to Forrest Reese, secretary of the local club, Elmer D. Goodman of the Missouri town of Campbell, wrote a letter of heart-felt congratulations from the Rotary Club of the mid-western town welcoming the new organization into the fraternity.

In his letter to Mr. Reese, Mr. Goodman says, "There are people from our town and county scattered all over California. Los Angeles, Bakersfield, Taft, Tulare, Woodland and Fresno seem to be the main spots of location for Campbell people."

'Dobie from Way-Back'

What Mr. Goodman apparently did not know was that one of our own Campbell citizens and a Rotary member here came from the Missouri Campbell. While Mr. Reese was reading the letter at last Monday's luncheon club meeting, Dobie Jeffers let out a whoop and said, "Hey! I'm from Campbell, Missouri!"

The incident marks the second time in three weeks during Rotary Club meetings that the unusual in re-naming old-time contacts has cropped up. On the first occasion Mr. Reese met Kenneth Conn, of the San Jose Evening News for the first time in 20 years. The men knew each other in Toledo, Ohio, years ago.

Guest speaker of the day was Dr. John Mott who presented an interesting talk on cancer, and the research work being done to halt its inroads on the human race. He followed his talk with graphic moving pictures of the known sources and treatment for the dread disease.

Bank Will Open Monday Morning

The new Campbell office of American Trust Company will open for business at 10 a.m. Monday, April 12, in newly completed quarters at 250 East Campbell Avenue. The Campbell office will be managed by Joaquin J. Payne, who has been with American Trust Company since 1929 and who, for a number of years, was assistant manager at the bank's Santa Clara office. Arthur R. Mayo is the assistant manager.

The new banking quarters are modern in design and embody the latest developments in banking office arrangements.

Refunds Paid By Meyers

Joseph O. Meyers had made refunds to 558 veterans yesterday following collapse of his plans to build 1000 homes near Campbell.

Remaining to be refunded were 175 veterans. Remaining in the original fund of \$165,000 impounded was approximately \$40,000. The remaining 175 veterans were expected to apply for refunds immediately. Meyers started refunding down payments collected after inability to purchase the proposed construction tract.

Following is a report prepared by Don Reinehl and L. Cedric Macabee, Consulting Engineers, on the long-range sewage disposal plan for district number four in which Campbell is situated. The engineers conservatively estimate a doubled population in this area within the next 20 years and have prepared their plans with this in mind.

The Campbell Press believes the information contained within the report should prove of great interest to property owners living in District No. 4. The report will be published in two installments, this week and next.

REPORT FOR FORMATION OF SANTA CLARA COUNTY SANITATION DISTRICT NUMBER FOUR

The area west of San Jose to the foothills of the Santa Cruz Mountains must be provided with sewerage facilities if residential development of the area is not to be further retarded. This area, designated as Santa Clara County Sanitation District Number Four, with boundaries essentially as set forth in the Hyde-Sullivan Report, the recommendations of which were adopted as the County Master Plan, comprises approximately 25,000 acres lying southwesterly from the City of San Jose. It includes the communities of Campbell, Los Gatos and Saratoga, as well as several densely built up areas, with a present population of approximately 20,000 people.

Collection sewers have been constructed in the Campbell and Saratoga Sanitary Districts and in a large part of the Town of Los Gatos. Sewage from the Campbell Sanitary District is discharged through the trunk sewers of the City of San Jose. Sewage from the Saratoga Sanitary District receives partial treatment in a septic tank before being disposed of into the creek and by orchard irrigation. Sewage from the Town of Los Gatos passes through detention ponds before being discharged into the Los Gatos Creek.

This creates a definite health hazard to the farmer as well as to the public. The remainder of the area in the proposed Sanitation District depends upon septic tanks for sewage disposal. The impervious nature of the top-soil renders sub-soil seepage from septic tanks and cesspools slow and uncertain. The hazards to public health thus created are rapidly increasing as the area becomes more densely populated. Present practices of treatment and disposal of sewage within the District are unsatisfactory and constitute a menace to the general welfare of the community. The State Department of Public Health has demanded that immediate action be taken to correct present unsanitary methods of sewage disposal.

The plan for sewerage disposal for the northern portion of Santa Clara County as recommended in the Hyde-Sullivan Report and adopted as a Master Plan by the County Board of Supervisors, provides that the sewage from the area be conveyed through main trunk and interceptor sewers to a central treatment plant for treatment and disposal. Formation of Santa Clara County Sanitation District Number Four in accordance with the Master Plan will provide a legal entity which can construct the required trunk sewers and sewage disposal facilities, and complete the necessary contractual agreements with other governmental agencies

(Continued on Page 10)

Joseph Gomes Unable To Enter Council Race

In a letter to the Press this week, Joe Gomes, well-known rancher and ardent booster for the incorporation of Campbell has asked that his name be removed from the list of candidates.

Mr. Gomes' decision is a blow to proponents of the incorporation measure. The Chamber of Commerce, sponsor of the movement, was unanimous in wanting Mr. Gomes to run for the office of councilman. It is felt that his election would have been certain.

Mr. Gomes has been under his physician's orders to take things easy and he feels that the additional work involved in organizing city affairs would prove too much of a handicap. He is also planning on running for re-election to the Campbell Union High School Board of Trustees, on which he is an incumbent this year.

His letter follows:
Editor, The Campbell Press,
Dear Sir:

I want to announce through your paper that I cannot be a candidate for the City Council in the election for Incorporation in Campbell.

I wish to thank all those who were considerate enough to propose my name, as I consider it an honor to have been proposed as a prospective councilman.

Sincerely yours,
JOSEPH V. GOMES.

Northern Cal. PGA Matches at La Rinconada

Northern California PGA Golf Championship matches will be played at La Rinconada beginning Monday, April 12.

Tournament dates are April 12-16-17-18 for the association title and a \$1000 purse.

Johnny Perelli, present defending champion, will be unable to play this year, but the line up includes such golfing notables as Mark Fry, former NCPGA champion; Newt Bassler of the Pebble Beach club; Pat Markovich of Richmond, president of the association; Pat Mahoney of Pasatiempo, Santa Cruz; Eddie Joseph, favored for top place in the current matches; and Joe Moniz, of the host club, La Rinconada.

No gallery fee will be charged for the matches.

Travelogue on Kiwanis Program

Kiwanis club of Campbell took a pack trip through Yosemite by proxy Tuesday, at their weekly luncheon in Country Woman's clubhouse.

Dr. Gustave Fassin of Los Gatos showed colored pictures, accompanied by an account of his trip for members and their guests from Los Altos, Los Gatos, San Jose and Campbell.

Joaquin J. Payne, manager of the American Trust Company branch bank here, was a special guest. C. P. Klassen led group singing.

Lowell Benson, Kiwanis vice president, was chairman.

William C. Henley, chairman for the next meeting, has arranged a program by the Grammar School orchestra for next Tuesday.

Election laws of the State of California require that voters must be registered in their communities at least 40 days in advance of an election.

The date authorized by the Santa Clara County Board of Supervisors is set for May 25. On that day three voting booths will be set up in three separate precincts for voting on the issue of incorporation and for the election of five councilmen, a city clerk and city treasurer.

Precinct voting booths are to be located at the Campbell Hotel, the I.O.O.F. Building and the Campbell Grammar School. Persons wishing to be sure of their vote in the forthcoming election have only until the night of Wednesday, April 14 to register if they have not already done so. Registration may be made at either Clark's Drug store or Farley's Real Estate office. To be eligible for registration a person must have resided within the state for one year continuously, in Santa Clara County for three months and 40 days in the precinct.

More File for Council

Three additional names have been added to the previously announced list of candidates for the city council. Accepting nomination petitions today are: Roy F. Ford, well-known Campbell plumbing contractor and appliance dealer. Mr. Ford has been in business in Campbell for the past four years.

He is married and the father of two boys. Mr. Ford's views are strongly in favor of incorporating Campbell. He has had occasion to study the growth of the community and feels it necessary that the town take immediate measures to safe-guard its future. Another candidate, new to the list of names is John C. McBain Jr. Mr. McBain has been in Campbell for the past eight years and is a plastering contractor. He is married, the father of two children and a homeowner. Mr. McBain, like Mr. Ford, is a staunch booster for incorporation. He views with alarm the continued growth of the area and its lack of proper police protection. "We must take immediate steps to remedy the lack of community facilities," states Mr. McBain. In this, he speaks for every parent in the town who has a watchful eye out for their children.

The third new candidate is Earl Buck. Mr. Buck is a long-time Campbell resident and home owner. He has a family consisting of Mrs. Buck and three sons. The oldest boy, Wayne, is a Stanford student. He graduated from Campbell High School with honors and is well known as an all-Santa Clara Valley quarterback, a distinction gained at the local high school. Mr. Buck, at present connected with Food Machinery Corporation, plans on entering his own business in Campbell.

With the addition of these three there is a total of nine on the council slate. At least one more name is desired, to replace that of Joseph Gomes who found it necessary to drop out of the race.

Championship Game Tonight

Grand championship of Campbell's Adult Basketball league will be played off at 8 p.m. today in high school gymnasium.

Campbell Hardware's five and the Maderis Food Center quintet have each won half-play-off titles, bringing them into the finals tonight.

Maderis defeated the hardware team a week ago in the five-team play off series, returning a defeat by forfeit in the previous series.

Future Farmers' Barn Dance Sparks Social Calendar for High School Set

For Campbell's young set, fun centers Saturday evening in a barn dance from 9 to 12 in high school gymnasium.

Future Farmers of America, Campbell chapter, are sponsors of the dance—for the sixth year in succession—and they will be assisted by the Future Homemakers group.

A king and a queen to reign over the affair were chosen this week by secret ballot.

Loren Warning is general chairman and committees are headed by:

Bud Whitmore who is in charge

of the king and queen contest; Tom Sandoval, tickets; Florino Spinazzi and Richard Azevedo, decorations; Bud, Dick Azevedo and John Talia have arranged for Eiden-Sylva's band. Albert Smith, faculty advisor, is assisting the committees.

Future Homemakers are helping with the barn dance for the first time. Some of the girls in charge are Nettie Cox, Margaret Pharris, Lucina Mendoza, Marian Weltz. Miss Muriel Nevin is their advisor.

Methodists To Observe 60th Anniversary

On Sunday, April 18, the Campbell Methodist Church will celebrate its 60th anniversary. In 1888, Rev. G. W. Beatty, pastor of the Los Gatos church, began holding services in the Campbell Hall, which then stood where the new bank now stands. It is interesting to note that the 11 charter members are all relatives or ancestors of present Campbell families: The Blaines, Swopes, Kennedys, Mrs. Willett, mother of Mrs. Charlotte Sutter, and Mrs. Mary Shelly, grandmother of Mrs. W. N. Lloyd.

Invitations to the celebration in 1948 have been sent out to former pastors and other friends of the church. The morning worship service will have as guest speaker Dr. Tully C. Knowles, well known here as chancellor of College of Pacific.

A buffet dinner will be served under the direction of the Women's Society of Christian Service, Mrs. William Crockett, president, with Mrs. Fred Fellman as chairman. This dinner will be served partly in the church parlors and partly in the Community Room.

At 3:30 an afternoon service will be held with D. H. Cramer as master of ceremonies. Then guests and former pastors will be introduced, and excellent music provided. At five o'clock, tea will be served under the leadership of Colonel James L. McBride's Adult Bible class.

Other committees for the day include: Publicity, Judge J. D. Blaine; music, Rev. L. J. Osborne, Mrs. Earl Buck; corsages for ministers' wives, Saturday Nighters; decorations, Women's Service Club; afternoon ushers and tea service, girls of M.Y.F.; in charge of hot dishes, Friendly circle, Mrs. George Baldwin, leader; in charge of vegetable and fruit salads, Mary S. Lewis circle, Mrs. Ralph Schaeffle, leader; rolls, relishes, beverages, incidentals, Susannah Westley circle, Mrs. Dale Lloyd, leader; dessert, Evening circle, Mrs. Everett Nelson, leader; Committees at hall: General

Social and Club Notes.. around Campbell

Contest Winners Will Be Guests Of Auxiliary

Winners of the Poppy Poster contest sponsored by Campbell American Legion Auxiliary will be guests of the group at the meeting Wednesday, April 14, at 8 p.m. in the Country Woman's Clubhouse.

The trio of winners includes Bill Anderson, Joseph Ciraulo Jr., and May Gytaku.

The Auxiliary's last meeting was the official visit of the 13th District president, Mrs. Vivian Wright. The visitor was presented by Mrs. Arrah Peck, Auxiliary president.

Supper was served and special guests seated at the honor table were Mrs. Wright, Mrs. Jessie McKenny, past president; Mrs. Bea Christiansen, poppy chairman; Mrs. Laura Sheets, radio chairman, and Mrs. Miriam Smith, junior unit chairman. Mrs. John Hummel and Mrs. Louise Fairchild were in charge of the evening.

WSCS Meets Today

Luncheon, an afternoon program and study session are on the agenda for members of WSCS of First Methodist church, Campbell, for today.

Groups of the society will meet together for this general meeting.

Sequoia sewing circle met in the home of Ruth Livingston last Thursday evening, April 1, with many present. Irene Hodges was co-hostess. Next meeting will be held at the home of Alma Fanning, 110 El Patio, with Mary Gray as co-hostess April 15.

Take Office in Grammar School PTA at Ceremonies Tuesday

Mrs. J. R. Longfellow was installed president of Campbell Grammar School PTA Unit Tuesday in ceremonies conducted by Mrs. Clarence Fagilde, president of El Paraiso Council.

The list of officers for the coming term includes also Mrs. L. W. Brown, first vice-president; Mrs. Clifford Gerlach, second vice-president; Mrs. Lester Williams, third vice-president; Mrs. Homer Hyde, secretary; Mrs. G. K. Schrader, treasurer; Mrs. George Danes, historian, and Mrs. John Perilata, parliamentarian.

Committee chairmen named yesterday were Mrs. Charles Freude, membership; Mrs. C. M. Clever, publicity; Mrs. Gerlach, hospital; Mrs. Merle Gardner, refreshments; Mrs. Herman Owen, finance, and Mrs. W. A. Sutton, room mother.

Program for the afternoon included a talk by Charles H. Prior,

director of the Red Cross blood bank. The Unit membership voted to sponsor a blood bank project. Clarinet selections were presented under the direction of Richard Gordon; Arthur Sutton played a piano solo, and children of the school presented songs on the musical program.

The Summer round-up project was discussed by Superintendent William Henley, and plans were outlined for a variety show Friday at 7:30 p.m., a benefit project to raise funds for furnishing the teachers' room. The program will be presented in the school auditorium.

Mrs. Vestal Royce (Dorothy Merriman) received a corsage from the Unit and Mrs. Evelyn Adamson of the school office force was presented gifts in appreciation of her help during the past year.

Planning Tea Program

To open their annual April tea at 2:30 p.m. April 29, Woman's guild members of First Congregational church are arranging a program to precede the sale.

Various committees have charge of refreshments, decorations and program.

Group To Fete Mrs. Rogers

Group 2 of the Woman's Guild, Campbell Congregational church, will hold a pot luck luncheon at 12:30 noon, Wednesday, April 14, in Mrs. Stanley Smith's home on the Los Gatos-San Jose road.

Guest of honor for the day is Mrs. Thomas Rogers, who will soon be leaving Campbell for a new home in Morro Bay, Calif. Mrs. Rogers has been an ardent worker in the church here for many years and is an active member of the Mission group and of group 2.

Claire Coci, Famous Organist, Will Present Concert for Guild

Claire Coci, America's most famous woman organist, will give a recital in the First Methodist Church in San Jose on Wednesday evening, April 14 at 8:15 o'clock. Miss Coci, professor of organ at the Peabody Conservatory has been widely acclaimed by press critics as one of the most startling organ figures of this generation. Of her, unanimous praise has been given between the

two oceans and from Hudson Bay to the Gulf of Mexico. In this state, a Stockton critic called her "the most technical facile virtuoso in America," and San Francisco critics remarked that "those who think it takes a man to play an organ should hear Claire Coci." Coci's organ playing is called a revelation, a vision in the organ heavens. Her sense of organic color is unmatched. Now in her late twenties Claire Coci has made a name for herself for the past 14 years. At the age of 16 she was appointed organist and choir-mistress of the Jesuit Church of New Orleans, the first woman ever to hold this position. She held that position for nine years, when she began to concertize in America and Europe. In private life

she is the wife of Bernard R. LaBerge, famous New York City music emporario. Miss Coci is currently appearing on the Pacific Coast for the fourth time, with an almost unbroken record of engagements wherever she has appeared in the past. Miss Coci's concert is open to the public without charge, but an offering will be received. The recital is under the auspices of the San Jose Chapter American Guild of Organists, and is the third and last recital of this season.

On Sunday afternoon, April 11, the San Jose Chapter American Guild of Organists will hold its monthly meeting at St. Paul's Methodist Church in San Jose at 3 p.m. A musical program will be given and the public is invited to attend. The committee in charge are members from Watsonville—Mrs. Dyche and Mrs. Van Giesen. Mr. Wilbur Cauch, organist of St. Paul's, is also on the committee.

Lieutenant Commander Henry J. Roterige (ChC), is the first Catholic chaplain ever to be assigned to the U. S. Naval Academy, Annapolis, Maryland.

In Memory of Repatriated World War II Dead

As you know, those who so heroically fought and died in the past war are, according to family request, being returned to this country for final interment.

Naturally relatives and friends wish to memorialize their loved one; so to accomplish that purpose we offer the same memorial services which have given public satisfaction during our past nine years of operation.

With NO EXTRA COST to the family (beyond the government allowance payable directly to us) we offer the following features: Removal of remains from the railroad station to our mortuary, funeral notices, phone calls and telegrams, use of our chapel, music and singing, ministerial services, latest model equipment, motor escort, removal to local cemetery or free removal to Golden Gate National Cemetery if desired, trained personnel.

This is our tribute to our World War II veterans who paid the Supreme Sacrifice.

Sincerely,

DAVID F. RUTHERFORD

U.N. Facts and Faces . . . UKRAINIAN S.S.R.

One of the world's greatest granaries, the Ukrainian Soviet Socialist Republic is a land of flat, rich land that covers much of the southern part of the Soviet Union in Europe. Added to her laurels as a food producer, the Ukrainian S.S.R. can point to increasingly important industrial development. During World War II, her 223,000 square miles were scarred in tremendous battles, but her 40,000,000 people are hard at work repairing war damage. The Ukraine is a member of the Security Council and Foreign Minister Dmitri Z. Manuilski has led her delegations to the United Nations General Assembly. Her flag is red, inscribed with a gold hammer and sickle and the country's initials.

Saturday evening, Saturday, 9:30 a.m. Christian Doctrine classes. Friday, 7:30 p.m., choir practice

★ CAMPBELL BAPTIST — 115 Sunnyside St. A. F. McKinney, pastor. Sunday school 9:45 a.m. Worship service at 11. B.Y.F. 6:40 p.m. Evening service 7:45. Mid-week service and Bible study Wednesday 7:45 p.m.

★ ASSEMBLIES OF GOD—IOOF hall, Rev. Herbert L. Johnson, pastor. Sunday school 9:45 a.m. Worship at 11. Evangelistic 7:30 p.m.

★ PENTECOSTAL CHURCH OF GOD—46 Railroad avenue, S. E. Mobley, pastor. Sunday school 9:45 a.m. Worship at 11. Evangelistic service 7:30 p.m.

★ METHODIST CHURCH — Lawrence J. Osborne, Minister. Sunday School, 9:45 A. M. Church Worship at 11 A. M. with special music and sermon. Nursery for small children during church.

★ SEVENTH DAY ADVENTIST CHURCH, Fourth at Rincon, Campbell, C. E. Smith, pastor, meets for Sabbath School at 9:30 a. m. Saturday. Worship service at 11 a. m. Saturday. Prayer meeting at 8 p. m. Wednesday; Young Peoples meeting at 8 p. m. Friday.

Geraldine I. Salina of San Jose, who is studying for her special secondary teaching credential in physical education at San Jose State College, is doing her practice teaching this quarter at Campbell High School.

AMERICAN TRUST COMPANY is happy to bring its facilities and services to the rapidly growing community of Campbell.

Our new Campbell office is an expression of our faith in this community's bright future. Situated as it is in a highly diversified agricultural area, endowed with rich, fertile soil and a warm, sunny climate, Campbell can envision a sound and prosperous continuing growth. A growth to which we hope to contribute, and in which we hope to share.

American Trust Company brings to Campbell, as it has to many other Northern California communities, the convenience and friendliness of a home town business, combined with the complete facilities of a metropolitan bank, including:

savings accounts	automobile financing
checking accounts	home equipment financing
special checking accounts	veterans' loans
loans to buy and build homes	foreign exchange
home improvement loans	bank money orders
commercial loans	travelers checks
personal loans	trust service
agricultural loans	safe deposit boxes

Mr. Joaquin J. Payne, Manager, and the staff, cordially invite you to visit our new Campbell office.

"AS I REMEMBER CAMPBELL"

U.N. Facts and Faces . . . UNION OF SOUTH AFRICA

HARRY T. ANDREWS

The annual production of 40 percent of the world's gold and a fabulous output of diamonds is a glittering item in the economy of the Union of South Africa. The discovery of gold and diamonds brought South Africa a rapid population increase about 70 years ago, but even then agriculture and grazing, now occupying half of her 11,400,000 people, had a good start. The country's 472,500 square miles bear marks of the pioneering of the Boers, whose Dutch-derived Afrikaans language is still widely spoken. The Union is represented at United Nations headquarters by Harry T. Andrews. Her flag is orange, white and blue, with miniatures of the Union Jack and of the two former Boer flags.

Campbell's oldest resident to live here continuously, Charlotte W. Sutter has written the following narrative of early days here especially for The Campbell Press.

This first-hand account of one of California's early natives and settlers will be published in a series as space permits. It is part of our Campbell celebration of the gold centennial year.

By CHARLOTTE W. SUTTER

During 1856 the State Horticultural Society held a fair in San Jose. People came hundreds of miles to see it, and the reputation of Santa Clara fruit spread. Some of the old pioneers believe to this day that the display of apples was superior to any shown since.

My father was not the first settler in Campbell. Benjamin Campbell, founder of the town, purchased his ranch several years earlier. My father's land adjoined his on the east. Los Gatos Creek was not the property line when they made their purchases, for then it turned off at what is now Dry Creek. The flood of 1866 tore a new channel down through our properties, but did not follow the property line, and an exchange of property was necessary before each could get all of his land on his own side of the stream. At that time there was no town. Mr. Campbell did not subdivide his grain field until several years after the building of the narrow gauge railway in 1878.

The first orchards about Campbell were not planted until about 1884. As long as my father lived he raised only grain. As a girl I can remember looking straight across the open fields from Campbell to the convent buildings in San Jose, located where the De Anza Hotel now stands. There were neither buildings nor trees to obstruct the view—only tall mustard in the spring.

Mary Rucker Campbell, wife of Benjamin Campbell, was born in Missouri in 1834. When she and her husband reached Campbell in 1852 it was but a field of grain. On the ranch were born their three children, James Henry, Laura (Mrs. Swope) and Lena (Mrs. Rodeck). Mrs. Campbell died in 1913, beloved by all who knew her. Mr. Campbell was postmaster from 1885 to 1889. Mr. Berry then succeeded him and the office was moved to the depot where it remained until January, 1891. My brother, Charles Willett was appointed postmaster in 1891 with me as his assistant. We had the post office for five years in his store. Mr. Weitzenberg was then appointed postmaster with the office just across the tracks and across from the lumber yard. Mr. Weitzenberg established the first rural route in Campbell, the experiment of free rural delivery being first tried out in this district in 1896. Successful here, it was introduced throughout the state. The post office here was raised to second class in 1928. Campbell Avenue, the original driveway to the ranch from Winchester Road was put through to Johnson Avenue in 1884, the old house being moved off, cleared away and the post office established in the Campbell residence. Ellis Preston, the first mail carrier has the distinction of having been the first automobile owner in Campbell. He delivered the mail from a two-cylinder auto for the first time on July 5th, 1904.

(To be continued)

BLOOD FOR LIFE

A transfusion of red cell suspensions helps keep life in this anemic child suffering from defective bone structure. The new Red Cross National Blood Program ultimately will provide blood for all who need it.

Data collected for the Secretary of Defense reveals that 87.4 per cent of Army officers holding rank of major or above who were discharged since 1940, are receiving disability pensions, whereas only 63.4 per cent of Naval officers of a comparable rank retired during the same period, are claiming disability.

Campbell Court Notes

By Judge Blaine

Campbell justice court collections for March totaled \$380, with \$35 being for civil fees and \$345 for criminal fines. Last year the figures for the same month were nine dollars and \$96 respectively. Business for this last March was thus comparatively "good."

Sentence for the battery case of March 13 was, on recommendation of County Adult Probation Officer Max Watson, \$50 fine and one year of probation.

A man who called up the judge in connection with this case and demanded protection proved not to be a resident of Campbell Township. Many families living west, southwest, or south of Campbell believe they are in Campbell Township and do not even know the names of the justices of the peace in their own townships. Campbell town is almost in the southwest corner of Campbell Township, for which reason the boundaries in that direction should be extended.

An elderly man who was fined for drunk driving said, "For a long time I've been trying to make up my mind to stop drinking. Several years ago I made up my mind to stop smoking and did it. Now that I've made up my mind to stop drinking I'm going to do that."

For the lighter side, now that his mind was eased, this elderly man had a story. A lay preacher had preached about the end of the world until he had convinced both himself and his flock that the end was right at hand. One night the leader climbed atop a straw stack in a nearby field and his flock gathered round, all looking for the dramatic event.

Time grew late and the leader atop the stack fell asleep. Some waggish boys set fire to corners of the stack. Awakened by crackling, and by smoke and flame, the leader jumped up and yelled, "In Hell, just as I expected!" That story a judge especially

Pear Growers To Choose Board at Friday Meet

The State Department of Agriculture announced that meetings will be held in San Jose and Sacramento for the purpose of nominating growers and handlers eligible for appointment to the Fresh Fall and Winter Pear Advisory Board for the ensuing year.

The first meeting is scheduled for Friday, April 9, at 2:00 p.m., in the offices of the Pear League, 350 North First Street, San Jose. The Sacramento meeting will be held on Monday, April 12, at 2:00 p.m., in the office of the Bureau of Markets, Room 116, State Office Building No. 1, Tenth and L Streets.

At the San Jose meeting nominations will be received for growers and handlers to represent the industry in District Number 1 which is composed of the Counties of Alameda, Santa Clara, San Mateo, Santa Cruz, Monterey and San Benito.

The meeting in Sacramento is for District Number 2, which is composed of all of the counties of the State not included in District Number 1.

Notices of the nomination meetings have been mailed by the Department's Bureau of Markets to all fresh Fall and Winter pear growers and handlers of record with the Department.

The Fresh Fall and Winter Pear Advisory Board, composed of five grower members and five handler members, assists the Director of Agriculture in the administration of the Marketing Order for Fresh Fall and Winter Pears. The order provides authority for the establishment of marketing regulations

appreciates. It's always satisfying to have a defendant agree with his own sentence.

for Fall and Winter pears shipped for fresh consumption within the State, including provisions for advertising and trade promotion activities.

H. V. Beckman of San Jose is the manager of the Fresh Fall and Winter Pear Advisory Board.

All producers and handlers of Fall and Winter pears are cordially invited to attend and participate in these meetings. Counties within District Number 2 which are important producers of Fall and Winter pears are Sacramento, Contra Costa, Solano, El Dorado and Placer.

The U. S. Navy and the Marine Corps now have 5,793 planes in an active status with an additional 8,245 in storage or otherwise in reserve.

PROSPERITY BEGINS AT HOME!

Yes, you and your family are partners in America's greatest industry...the home community.

As a citizen, a taxpayer and a business person, you know that your personal fortune is wrapped up in the success of your neighbors' business. By the same token, each time you fail to support the folks at home your personal prosperity suffers.

The dairy farmers who produce DAIRY BELLE MILK are your next door neighbors. Many of those cows you see every day belong to Joe, Manuel, Pat and Bill who, with their families, live and spend in your community.

DAIRY BELLE is your milk because it is produced right next door to you!

Milk Producers Have Huge Investments

Dairy farmers of California have an investment of \$364,800,000 in cows and facilities for their maintenance, according to R. J. Werner, manager of the California Dairy Advisory Board.

There is an almost equal investment by dairy handlers in the state for plant equipment and transportation required for manufacturing, processing, bottling and deliveries.

Los Angeles County has greater dairy production than any in the United States, with Stanislaus and Merced Counties among the top ten.

Farmers Holding Back Field Crops

California farmers' intentions to plant field crops exceed crop goals set by the State Production and Marketing Committee only for winter wheat, corn and potatoes, an analysis of reports of these two factors revealed today.

Intentions to plant are less than crop goals for barley, flax-seed, rice, beans, grain sorghums and grain and alfalfa hay. Greatest deficiency is in grain sorghums; with 76,000 acres planted last year and a goal of 110,000 acres set for this year, farmers indicate an intention to plant only 68,000 acres this year.

Drought may have affected intentions to plant, it is believed.

The Navy is now using form-fitting zipper bags for short-term preservation of its aircraft. The container requires only 30 man-hours to adjust and dehumidify as compared to 120 man-hours formerly needed for preparing planes for storage and readying them for service again.

Seventy-five per cent of Navy commanders retired since 1940 are receiving disability pensions whereas 99 per cent of Army majors retired are so listed.

Vandenberg Stock Surges

Hottest report on the political battlefield is that Governor Tom Dewey will swing his supporters to Senator Arthur Vandenberg if Dewey gets caught in a convention deadlock with Senator Taft and can't get the GOP nomination himself.

Despite repeated disavowals of white ambitions, Vandenberg will have strong "silent" backing at the Philadelphia convention—particularly among the so-called Whitekites in GOP ranks, most of whom now are supporting Dewey, but who are ready to swing to Vandenberg as their second choice because of the Michigan senator's broad-gauged stand on foreign affairs.

Those close to Vandenberg, however, insist that he does not want the nomination. The Michigan senator, who will be 64 years old this month, feels the presidency would be too great a burden, although a recent physical checkup showed him to be in good shape.

Vandenberg also is upset about the health of his wife, who has been ill.

Inside betting, however, is that Vandenberg probably can get the nomination, and that he will accept if a deadlock convention drafts him.

Not an Accidental Job

All the inner-party bitterness against one Harry Truman has been brought to the boiling point by Henry Wallace's thumping victory in the Bronx, and for the first time certain Democratic leaders have decided that it is about time to look around for another 1948 candidate.

Helping to spark the intense backstage discussion, Harold Ickes, the Old Curmudgeon, has pointed out something many peo-

- Commercial Photography
- PORTRAITS IN YOUR HOME
- LARRY KECK • Campbell 3763

ple have forgotten—that it's the exception rather than the rule for vice presidents to be reelected.

Out of six vice presidents who became presidents of the United States, only two succeeded themselves—Calvin Coolidge and Teddy Roosevelt.

Four others were thrown out by their parties as unsuited to hold office further. Vice President John Tyler, who became president on the death of Henry Harrison, was discarded by the Democrats. Millard Fillmore, who entered the White House on the death of Zachary Taylor, proved too be a flop and was not renominated by the Whigs. Andrew Johnson, who succeeded Lincoln, was almost thrown out before the end of his term, while Chester Arthur, who took over after Garfield's assassination, was denied the Republican nomination to succeed himself.

In other words, American history has recognized

The Campbell Press, Campbell, Calif., Thursday, April 8, 1948—7

the fact that the vice president of the United States is usually a political accident and has treated him as such when it came to new nominations to the non-accidental job of president.

Grandstanding John L.

If John L. Lewis calls a coal strike on the excuse that his miners should get retirement pensions, it will be the flimsiest of all Lewis strike excuses.

The miners' welfare and retirement fund out of which old-age pensions would be paid has been built up by a royalty of five cents a ton, paid by the coal operators on every ton of coal mined.

Actually there are two miners' welfare and retirement funds. Fund No. 1 was set up when the government controlled the mines and, based on a royalty of five cents per ton of coal mined, has received a total of 25 million dol-

lars. Out of this, 8 million dollars has been disbursed for disability payments and death benefits to miners' widows. The remaining 17 million dollars is being held in escrow.

Fund No. 2 was established under private operation of the mines and by it mine operators pay 10 cents on each ton of coal mined. By June 30 it will contain 50 million dollars. This fund is administered by Lewis himself, plus Ezra Van Horn, representing the coal operators, and for a time Thomas E. Murray, a New York manufacturer, representing the public. However, a failure of Lewis and Van Horn to agree even on details caused Murray to throw up his hands in despair and resign.

Meanwhile, Lewis has not even agreed on a proper actuarial system for pensions such as that put into effect by any insurance company. Under the Taft-Hartley law no money can be paid out for pensions until such an actuarial system is established.

Therefore, while Lewis has around 50 million dollars with which to pay pensions—once he complies with the Taft-Hartley law—he now is intimating that he will call a strike to get pensions for aged miners.

Three major railroads serve San Francisco.

Tips For Toppings

Quite often we hesitate about serving a popular "family" dessert when guests are being entertained because it is such a "plain Jane".

Take rennet-custards, as an example! Unadorned, these might be called "Plain Janes". But with a suitable topping added just before serving — they immediately turn into "company desserts".

Best of all, there is no end to the topping variations that may be used. On a chocolate-flavored rennet-custard, use sliced bananas or a mint-flavored marshmallow sauce with crushed peppermint candies.

With vanilla flavor, try a sliced strawberry topping, or tinted whipped cream and chocolate shot. Where lemon is the flavor, use fresh peach slices or applesauce and egg white whip.

Orange flavor calls for candied orange peel, or perhaps orange slices and whipped cream. A raspberry-flavored rennet-custard could have raspberry marmalade as a topping, whipped cream and chocolate shot, or a small mound of whipped cream surrounded with fresh or canned raspberries.

Of course these are but a few of the hundreds of topping tips that could be given. Try out your own ideas from time to time. You'll be surprised at your success.

For Longer Lasting Brighter Colors Use

PABCO
CIN-DEK
"400"
ENAMEL

BLUES that don't fade!
WHITES that don't "yellow"!
COLORS that don't discolor!

Keeps that sparkling gloss long after ordinary enamel dulls! Easy brushing... self-levelling... dries quickly, dust-free! Economical, durable; apply to indoor or outdoor surfaces with complete success!

School Costs Up 2 Million

State support plus local property tax levies for public school districts in Santa Clara county total \$9,981,527 for the current year, compared with \$7,379,607 for last year, 1946-47, California Taxpayers' association reported Monday.

State apportionment for the school districts in the county for this year totals \$4,351,104 and local property tax levies for 1947-48 amount to \$5,630,423.

For 1946-47, state apportionment to the schools in the county totaled \$2,634,442 and local property tax levies amounted to \$4,745,165.

Statewide, state support of public school districts and local property tax levies for schools for 1947-48 total \$376,125,007, compared with \$269,377,858 for 1946-47.

For 1947-48, state apportionments to school districts in California total \$173,521,609 and local property tax levies for schools amount to \$202,603,398.

For 1946-47, state apportion-

ments to school districts amounted to \$101,436,961, while local property tax levies for school districts reached \$167,940,897.

"School attendance is going up rapidly. Salaries of school employees are higher, with 1947-48 teacher salaries on the average 19 per cent higher than those for 1946-47," the association said. "State support at \$120 per pupil for 1947-48 is very much higher than the \$80 per pupil elementary and \$90 per pupil secondary school support for 1946-47."

"With the tremendous increase in state support of public school districts, many raise the question of why local tax levies for schools are also rising so rapidly."

"School budgets for 1948-49 will soon be under way in most districts," the association said. "Considerable care will be necessary if local tax levies for schools are not to take another huge jump in 1948-49."

At the U. S. Navy Fleet Weather Central in Pearl Harbor, 300 weather reports are received from ships and stations every six hours, translated into a weather map, coded and broadcast.

Tax Office Warns Of April Deadline

Second installment of 1947 county taxes becomes delinquent at 5:00 p.m. Tuesday, April 20, and penalties and costs will be added thereafter. For the convenience of taxpayers the Tax Office will remain open until noon, Saturdays, April 10 and 17.

Purchasers of property since March 1, 1947, who have not previously received their tax bill from the former owner or the office should check with the Tax Office immediately and see if their taxes have been paid.

Taxpayers are urged to check over their tax bills and mail their

taxes as early as possible, thus avoiding last minute rush and delay.

All taxes paid after Tuesday, April 20, 1948, will carry a 3 per cent penalty plus costs, according to a release by Roy P. Emerson, tax collector, Santa Clara county.

There are 13 main banks in San Francisco, in addition to a number of branches.

Shasta Power

It is not being wasted now

It need never be wasted

You, as a user of electric power and as a taxpayer, have an important stake in the Shasta power question. In this message we outline what's behind the discussion—and offer the facts for all to read.

Additional Shasta Power Will Help. We have been and are doing all we can to correct the power shortage. Power from every possible source, in this drought year, must be distributed to northern and central California. Shasta is expected to provide about 75,000 additional kilowatts April 15, when a new generator comes into service. There'll be a like amount later on. Our total demands run about 2,000,000 kilowatts. Shasta will help—every bit of power counts—but Shasta power alone won't solve the problem.

Shasta Power Now Being Used. No Shasta power is going to waste now. It's being fed onto our lines and is being used along with power from about 75 other sources. It has been used since June 26, 1944, under a contract between P. G. and E. and the Bureau of Reclamation—a Federal government agency.

What's the Problem? Actually, there shouldn't be any problem... but there is. The Bureau doesn't want to extend the contract to cover the new Shasta power, even for the balance of this year. Instead, the Bureau has reluctantly agreed to put the additional power on our lines during the emergency on a day to day basis. We have agreed to take it that way—this assures no waste of Shasta Power during the emergency—but leaves the long-range disposition of the power unsettled.

Why Is There a Contract Dispute? It started back in 1941. When Shasta construction began we offered to supply a market for Shasta power and offered to coordinate our operations with those of the Bureau at Shasta and Keswick (another unit of the Central Valley Project). At that time the Bureau demanded that we "convey" Shasta power over our lines to enable them to sell it to various public agencies. It is not physically possible to do this, but in any event we couldn't agree to such a demand. These agencies were and are our customers and are being served under rates established or approved by the California Public Utilities Commission. Such a demand, were it carried out, would amount to virtual confiscation of a good part of our business. An agreement on our part would be just as foolish as for a milk company to agree to furnish their trucks and delivery men to someone else—who would begin delivering their own milk to the milk company's customers.

War-time Contract Signed in 1943. Congress finally took a hand. In 1942 the Senate Appropriations Committee recommended that the Secretary of the Interior and P. G. and E. "immediately enter into a contract, for the duration of the war and a reasonable time thereafter."

The Bureau then agreed to a contract—without the "conveyance" clause. That contract was signed in 1943 and is still in force. It will be until the end of this year.

Under that contract the United States has collected from us more than 11 million dollars for Shasta power. But the contract is running out—a permanent contract should take its place.

Bureau Won't Agree. The Bureau has gone back to its original demand, first laid down in 1941. P. G. and E., they insist, must "convey" power for them for delivery to a long list of federal, state and local agencies, now P. G. and E. customers.

Practically all the other points in a new contract are agreeable to both parties. But with this one we disagree.

Bureau's Demand Puts Burden on Public. Last year the customers which the Bureau could take from us used more than a billion kilowatt hours of power. That's about one-eighth of our total power demand. Here's what that means to you:

Under the direction of the Public Utilities Commission, our low rates have been carefully adjusted to cover costs of a complex system of generating and distributing power... to all the people in our area. Should special privileges—at the expense of the taxpayers—be granted to those who use one-eighth of our power, the others who use the seven-eighths would naturally have to make up the difference. We don't want the public to be thus penalized.

How to Solve the Long-Range Problem Since Shasta began to produce we've been buying power and paying for it. Our point is this: all northern and central California should share in Shasta power—not a few selected agencies or customers. It can be made available to the homes, farms and factories in the area. Fair terms have been offered by the P. G. and E. If there is a dispute as to price, we will submit it to the California Public Utilities Commission or to the Federal Power Commission and abide by the decision, although in 1943 Harold L. Ickes, then Secretary of the Interior, said we had agreed to pay a "fair and equitable price for the power".

Transmission Lines Available. P. G. and E. transmission lines are ready at our Shasta substation to take the output of the generators to come into service this month and in July. Before another month passes we will have still another transmission line south from Shasta substation. With that line in operation all the power to be produced at Shasta and Keswick Dams can be distributed over northern and central California.

All the government need do is build its transmission lines to Shasta substation—25 miles. It has the money to do that, appropriated by Congress last year. The Bureau of Reclamation and the Federal taxpayer, whose money it spends, need do no more.

We have the service organization, the substations and all the necessary lines to get the power to the public.

P. G. and E.

PACIFIC GAS AND ELECTRIC COMPANY

NETOPS COUNCIL PLANS TO TRAIL

The Degree of Pocahontas of Netops will hold an early meeting this Friday evening in I.O.O.F. hall at 7:30 p.m. and then trail to San Jose to pay Minequa Council a visit. There will be an early meeting held on April 23, the date set for a card party of the council.

Ada Lodge Initiates

Ada Rebekah lodge initiated five members April 6 at a meeting presided over by Irene Hodges, noble grand.

Emma Rice was admitted by transfer and Alma Fanning, Pearl Jetton, Mary Gray and Kay La-Pre are new members.

Walter Silberbauer, district 20 deputy Grand Marshal, asked all members to attend dedication ceremonies in Saratoga IOOF hall at 2 p.m. Sunday, April 11.

A picnic at Children's Home, Gilroy, has been postponed until April 18, when the group will meet in the IOOF hall at 11 a.m.

April 20 will be Officers Night, with past district deputies of district 3 as guests.

Past noble grands of Ada lodge served refreshments after the meeting Tuesday evening.

PAST POCAHONTAS CARD PARTY

Past Pocahontas Club met in the home of Edith Anderson on East Campbell avenue Wednesday evening with Bertha Hindle as hostess. The second Past Pocahontas card party will be held April 27 in the Woman's Club Hall, West Campbell avenue at 8:30 p.m. The public is invited.

Social and Club Notes

Luncheon, Garden Tour, Attract Large Turnout for Pilgrimage

Scudding clouds and occasional showers Tuesday to the contrary—nearly a hundred members of Country Woman's club of Campbell and their guests drove up to Niles for luncheon at a famous inn and for a pilgrimage through the California Nursery bulb gardens.

Luncheon was served in the large dining room of International Kitchens, at long tables set in an E shape and trimmed with pastel appointments and arrangements of lavender and pink stock.

On the arrangements committee were Mrs. D. W. Clark, Mrs. T. T. Cowper, Mrs. Sue Boyce, Mrs. M. S. Walsh, Mrs. Roy Waggener, Mrs. E. E. Lanphear and Mrs. W. R. Morgan, chairman.

During a brief business meeting, conducted by Mrs. Ira H. Grim, president, Mrs. Lloyd Selig read a report of the nominating committee. Elections will be held April 19, when directors will be named for the ensuing year.

Guild President Takes Office

Mrs. Annamaria Periera will take over the duties of president of St. Lucy's Evening guild this evening. She succeeds Mrs. Ann Dardenelli.

Installation will be held at 8 p.m. today in the parish hall on South Third street.

Other officers who will serve with the new president are: Mrs. Eva Raffanti, vice president; Miss Judith Albo, secretary; Mrs. Peg Wilson, treasurer; and Miss Helen Albo, publicity chairman.

Mrs. Molly Price and Mrs. Katherine Bykowski are hostesses for the evening.

To celebrate its second anniversary, the guild met for dinner April 1 in Hawaiian Gardens.

Retiring and incoming officers were guests of honor and Mrs. Dardenelli was presented with a gift in appreciation of her work as president during the past term.

Entertains at Club Luncheon

Mrs. H. Baum of Evergreen was hostess at a luncheon for members of Happy Hour club recently.

Present for the lunch, a tour of the Baum gardens and movies that were shown were Mrs. Frances Harris, Mrs. Frances Rizzer, Mrs. Rena Fryer, Mrs. Mertie Brown, Mrs. Bertha Green, Mrs. Amelia Sonnichsen, Mrs. Josephine Sonto and Miss Hattie DePuy.

St. Lucy's Club Entertains

St. Lucy's Womens' club entertained guests from San Jose, Palo Alto and other nearby communities at a meeting April 1.

The president appointed Mrs. J. O. Souto, Mrs. J. F. Levenberg and Mrs. L. C. Fairchild to the nominating committee.

Mrs. O. H. Speciale spoke on the National Council of Catholic Women and told of an hour of music the council will sponsor April 26 at the Catholic Womens Center.

Mrs. Ella Graham, a past president of Young Ladies Institute, discussed the formation of an institute branch in Campbell.

Mrs. Antone Ferro, Mrs. Tony Pimentel and Mrs. Joseph Ott served refreshments at tables decked with spring bouquets.

Girl Scouts Hold Cookie Sale

Girl Scouts of Troop 22 in Campbell are busy these days taking orders for their annual Cookie Sale.

Proceeds will benefit Girl Scouts in this area and as a further incentive, the troop selling the most cookies will be awarded a troop flag.

Orders will be closed Friday night, after solicitation all this week and the goodies will be delivered April 28-29 and 30.

The cookies are baked from a special recipe by local bakeries, wrapped and packed, several dozen to the box, and guaranteed fresh.

Mrs. Ethel Arnold, whose phone is Campbell 3761, is assisting with the sale.

The Odako Camp Fire Group met at the home of Louise Plymale, followed by a meeting at the home of Nancy Davis. This Monday we elected new officers. They are as follows: President, Carol Schrader; vice-president, Katherine Beard; secretary, Nada Stepovich; treasurer, Donna Danderson; scribes, Beverly Plymale and Margaret Roe.

Orchard City Grange Notes

Herbert M. Shadle, master of Orchard City Grange 333, announces that the next meeting will be held April 13.

Mrs. Nellie Rutherford, lecturer, plans a program in honor of Past Masters evening, with Mrs. Jessie McChesney as chairman.

Officers are requested to attend a rehearsal at 2:30 Sunday afternoon in Odd Fellows hall.

CHOIR ON RADIO

Campbell High School choir, directed by Frank Triena, will broadcast a program over a local radio station Thursday afternoon, April 15.

The Campbell Press, Campbell, Calif., Thursday, April 8, 1948—6

Homemaking Today

By Claire Raymond
P. G. and E. Home Economist, San Jose

Good, nourishing soups have a definite place in luncheon and supper menus. When served with salad and a substantial dessert, they make economical, satisfying meals.

To make soup stock, save bones and leftover bits of meat. When enough is accumulated, cover with cold water and simmer 3 or 4 hours. Store the stock in an air-tight glass container in your refrigerator until it is needed.

Liquids from canned or cooked vegetables, which contain many vitamins and minerals, should be saved for combining with canned condensed soups or as part of the liquid in homemade soup.

French Onion Soup has become a favorite of Americans. Here is a good recipe that is easy to make.

4 cups thinly sliced, large onions
1/2 cup butter or margarine
1/4 teaspoon pepper
5 cups beef stock
1 teaspoon Worcestershire sauce
French bread slices, toasted and buttered
Grated Parmesan or Swiss cheese

Saute the onions in butter or margarine until they are a rich, golden brown, sprinkling with the

pepper while cooking. Add the browned onions to a kettle containing the soup stock. Add salt and Worcestershire sauce. Cover and simmer for about 30 minutes. Pour into a large casserole or earthen jar and arrange toast slices on top. Sprinkle the grated cheese on the toast and place the casserole under the broiler until the cheese melts and browns. Makes 6 servings.

Cream of Tomato Soup made this simple way will not curdle if directions are followed carefully.

2 cups stewed or canned tomatoes
2 cups milk, not heated
1 teaspoon salt
1/4 teaspoon onion salt or
1/4 teaspoon celery salt
1/4 teaspoon pepper
1 tablespoon butter or margarine

Place tomatoes in a saucepan, then slowly stir in cold milk. Add seasonings and stir until all the ingredients are mixed. Cover and cook slowly for 25 minutes over MEDIUM heat. Do not boil. Just before serving, add butter. Makes 3 or 4 servings. NOTE: Be sure the tomatoes and milk are the same temperature. Take both from the refrigerator at the same time or be sure both are at room temperature.

SAVE ELECTRICITY DURING THE DROUGHT EMERGENCY

Regional cookery provides a good source of ideas for informal entertaining or giving your family a pleasant surprise. Perhaps you are already one of the many homemakers who enjoy collecting recipes or favorite dishes of other parts of our land. It's fun, and a few standbys mastered through practice can add greatly to your reputation as a cook.

New England's Saturday night baked beans and brown bread is a regional meal that has become a national favorite. Still, there's an art in giving it the flavor that marks it as truly New England. It is a hearty meal and requires little last-minute preparation. To complete it you might serve a green salad or cole slaw tossed with a zippy salad dressing. Dessert should be light—perhaps fruit cup or sherbet, served with plain butter cookies.

Here is a recipe for old fashioned baked beans cooked long and slowly, which is part of the secret. The brown bread recipe is also a good one.

OLD-FASHIONED BAKED BEANS

2 cups navy beans
1/2 teaspoon salt
1 medium-sized onion
1/2 cup unsulfured molasses
1 teaspoon dry mustard
1/4 teaspoon ginger
1/4 cup catsup
1 pound salt pork or bacon

Wash beans; cover generously with cold water and soak overnight. When ready to cook, add salt and onion, and if necessary add additional water to cover beans. Bring beans to a boil and simmer until half done (skins break). Remove onion. Drain and save liquid. Combine molasses, spices, catsup and 1 1/2 cups of the bean liquid. Pour boiling water over salt pork and dry with a clean cloth. Place half of pork in bottom of bean pot. Add beans. Place remaining pork on top of beans. Add liquid mixture. Cover. Bake beans for 6 hours in an oven preheated to 300° F. Remove cover and bake one hour longer. Add additional water as needed. Makes 8 to 10 servings.

If the long cooking time does not fit into your schedule, you may prefer the quick method for baking beans. Follow the recipe for Old-Fashioned Baked Beans but simmer the beans until tender and decrease the molasses to 1/4 cup. Bake for 1 1/2 hours in an oven preheated to 325° F., then remove the cover and bake 15 minutes longer.

STEAMED BROWN BREAD

1 cup unbleached whole-wheat flour
1 cup unbleached rye flour
1 cup corn meal
1/2 teaspoon baking soda
1/2 teaspoon salt
1/2 cup molasses
2 cups sour milk or buttermilk
1 cup seedless raisins

Combine the dry ingredients. Stir in the molasses and sour milk. Add raisins. Fill well-greased, 12-ounce cans 2/3 full of batter. Cover tightly with heavy brown paper and fasten with string. Set the cans on a rack in a large kettle. Pour in boiling water to half the depth of the cans. Cover the kettle tightly and steam for 2 hours, keeping the water boiling throughout the entire cooking period. Serve hot with baked beans. Makes 3 loaves.

TO THE MILK CONSUMERS OF SANTA CLARA COUNTY: YOUR HOME MILK INDUSTRY IS THREATENED!

Just recently certain milk distributors located outside Santa Clara County have begun sending their product into your local market. But, this move means far more than a marketing problem in which your home milk industry is involved. Directly or indirectly, it affects each and every one of you. For that reason, we want you to know the facts—because, in your hands lies the solution to a problem of vital local concern.

IS THERE A NECESSITY FOR BRINGING MILK INTO YOUR COUNTY FROM OUTSIDE POINTS?

Absolutely not! The milk producers of Santa Clara County have consistently maintained milk supply to meet local consumption. If, for any reason, your supply of milk had been seriously threatened, your local milk producers would have been the first to ask for and secure outside aid.

WHAT DOES YOUR HOME MILK INDUSTRY MEAN TO YOU?

BUY LOCAL MILK

Support your Local Businesses!

Actually, the convenience and health benefits derived from your number one economy and nutritive food, milk, are only part of the picture. In Santa Clara County there are 2500 people who are engaged in the production of your local milk supply. These are the same people whom you know, work and associate with, and with whom you meet to face mutual local problems. Annually these home county people, turn back into our home market the greater part of an almost \$8,000,000 income! That tremendous buying power stimulates keener competition, brings you better goods, at better prices, and sold in better stores! And, in addition to the return from local income, your milk producers are among those most closely concerned with the local interests of health, education and progress. Their local tax dollars stay here in your county—help build better roads, schools and parks and support necessary agencies working for the general health, happiness and well-being of all of us.

We are local producers . . . You are a local consumer

We need your cooperation in supporting local people!

Recruits Test Adaptability

An experimental unit of 320 Navy recruits has begun training at Naval Training Center, San Diego, to determine adaptability of the present recruit training methods to Universal Military Training, the Navy announced.

In addition to the standard "boot" training, the unit will receive other training based on sug-

gestions and ideas contained in the report of the president's advisory commission. One new suggestion to be tried is personal supervision of the individual recruit.

Men assigned to the unit represent a cross-section of newly enlisted men. Additional instructors may be assigned the training center staff to teach new subjects to the recruits.

Nearly six million square miles of the earth's surface are covered by an icecap.

Sanitation Plan

(Continued from page 1)

which will participate in the project. With respect to the existing Campbell and Saratoga Sanitary District and the Town of Los Gatos, it is assumed that Sanitation District Number Four will assume all of the governmental functions regarding sanitation which can be more beneficially carried on by a larger district.

It is recommended that trunk sewers be constructed throughout the District in such locations that service for any group of lots within the District will require construction of only a relatively short collection sewer which may be constructed under assessment proceedings. The approximate location of trunk and interceptor sewers recommended to be constructed, and the relative locations of all portions of the proposed project is shown on the accompanying map. (Editor's Note — Map will be published at a later date.)

It is imperative that the ultimate area to be served by the trunk interceptor sewers be included in the District at the time of its formation. Failure to follow a comprehensive plan providing for the needs of the area for a reasonable future period will result in haphazard, unsatisfactory development of the area. Solution of immediate problems as they arise, by construction of sewers with capacity for developed areas only, will seriously limit the residential growth of this metropolitan area. Additional capacity in the trunk sewers for future development of the area can be provided economically in the initial construction whereas construction of additional paralleling sewers at a later date would be costly and uneconomical. Elimination of intervening areas of orchard lands from the proposed District will therefore defeat the purpose of the Master Plan.

The recommended plan for the trunk and interceptor sewerage system, as outlined on the accompanying map provides for construction of a system of sewers to convey the sewage from the District to the existing main trunk sewer of the City of San Jose. This main trunk sewer has ample capacity to carry the sewage from

the City of San Jose together with that from all of the proposed Sanitation Districts to the proposed location of the sewage treatment and disposal works on the mud flats north of Alviso. The City of San Jose has by Resolution adopted a policy with regard to connections to its sewerage system under which Sanitation District Number Four, when formed, may use a portion of the sewerage system of the City. The estimated charges for all services to Sanitation District Number Four under this policy have been included in the tax rates and costs herein given.

To be continued next week)

Spring Sports

measure of the City lads 10 to 5. From all we can learn Campbell has something in the local team to warrant the support and the cheers of the town. They're carrying our fair name around the county . . . and doing a right smart job of putting us on the athletic map.

In the regular line-up of the Campbell team are the following: Bob Carl, pitcher; Roy Zimmer, catcher; Bill Wilson, first base; George Gleed, second base; John Sciortino, third base; Bill Harrison, shortstop; Marshall, left field; Dan Filice, center field; John Begoya, right field.

Other interested boys are welcome to come out and try for the team, according to Johnny Walters, who has done such a splendid job of organizing the group and in acting as manager.

For our part we're now in the spot when we're more at home dozing be-slipped and be-piped before our fireside . . . heavy lidded, but acutely remembering the days when old Doc Smith, our family friend took us by the hand to old Navin Field to thrill to the fighting performances of Ty Cobb, Oscar Stanage, Donie Bush, Pep Young, Doc Ayres, Red Oldham, Bobby Veach, Harry Heilman (though a milder man you'd seldom see on a baseball diamond) . . . Bobby Jones, Ira Flagstead (neat as they come on a hard, long fly) . . . and then, those glorious days when the Cleveland Indians came across the lake from the baseball-mad town of the Ohio metropolis . . . and scrappy Steve

RONs Will Vote on Draft, UMT, at April 14 Meeting

Vice-Admiral C. A. Lockwood, USN retired, of Saratoga, former commander of the Pacific fleet submarine forces, will talk on "The Future Role of Submarines" to members of the Reserve Officers of the Naval Services (RONs), Wednesday evening, April 14, at the Moffett Field Officers Club, Neville Williams, Los Altos, announced.

RONs members will also vote on these other issues at the request of the national RONS organization.

- (1) Immediate draft.
- (2) Proposed immediate mobilization of Reserves.
- (3) Granting of military aid, if necessary, to Marshall Plan nations.

O'Neil, Tris Speaker (the old shoe-string catch artist) Smokey Joe Wood, Gardner, Jamison and the immortal Billy Wambagans . . . manufacturer of an unassisted triple play in a crucial game . . . and the slick and masterful Stanley Coveleski . . . one of the sweetest pitchers to ever come down the pike . . . but look, this could go on forever . . . this "wistful vista" . . . actually we're talking about the Campbell team . . . and of how swell it would be for all our grown-up kids to get out and support the boys. They're future Sislers, Ruths, Cochranes and Fellers y'know.

(4) Universal military training. The local RONS executive committee has already backed the draft and the Marshall Plan.

LEGALS

TAXPAYERS TO DISBAND

Campbell Taxpayers Association voted to disband at a meeting Wednesday evening, April 7.

Marie V. Houle of Campbell has been appointed as one of the day editors of the Spartan Daily, the student newspaper at San Jose State College, by Phil W. Robertson of Calpella, the spring quarter editor.

The Navy Bureau of Aeronautics has revealed the development of a fog-generating device for jet-propelled aircraft capable of creating a fog screen which could effectively screen an entire fleet within 30 seconds and which will persist for more than an hour.
